[Online Puppy Course](#)

Our 4-week online puppy course is for pups 8-16 weeks. We will support you to enjoy raising your puppy in this time of social distancing and help you grow your pup into the well-behaved adult companion you look forward to. Our open enrollment course means you can start anytime!

Our classes are via Zoom, an easy to use free app that you can access from any computer, smartphone or tablet.

Classes are currently held on Saturday mornings and Wednesday evenings.

We'll cover:

- **problem prevention** to ensure your pup grows into an adult dog you can truly enjoy – friendly, relaxed, well-behaved, and fun.
- **basic training** to get your pup focused and learning some important foundation skills for life.
- **problem solving** to make house training easy and stop your puppy from biting you and chewing your furniture.

Our instructors are qualified, professional, experienced dog trainers. Our puppy classes are kept to a small group of 4 puppies to ensure individual attention for you and your puppy.

Each class is 45 minutes in duration. The 4-week course costs \$120 (incl GST).

If you would like to register your puppy for a course you can book online at <https://scholarsincollars.dogbizpro.com/public/registration/login.aspx>

Or complete the registration form and return it to alexis@scholarsincollars.com.au
